

# PROPERTY LITE

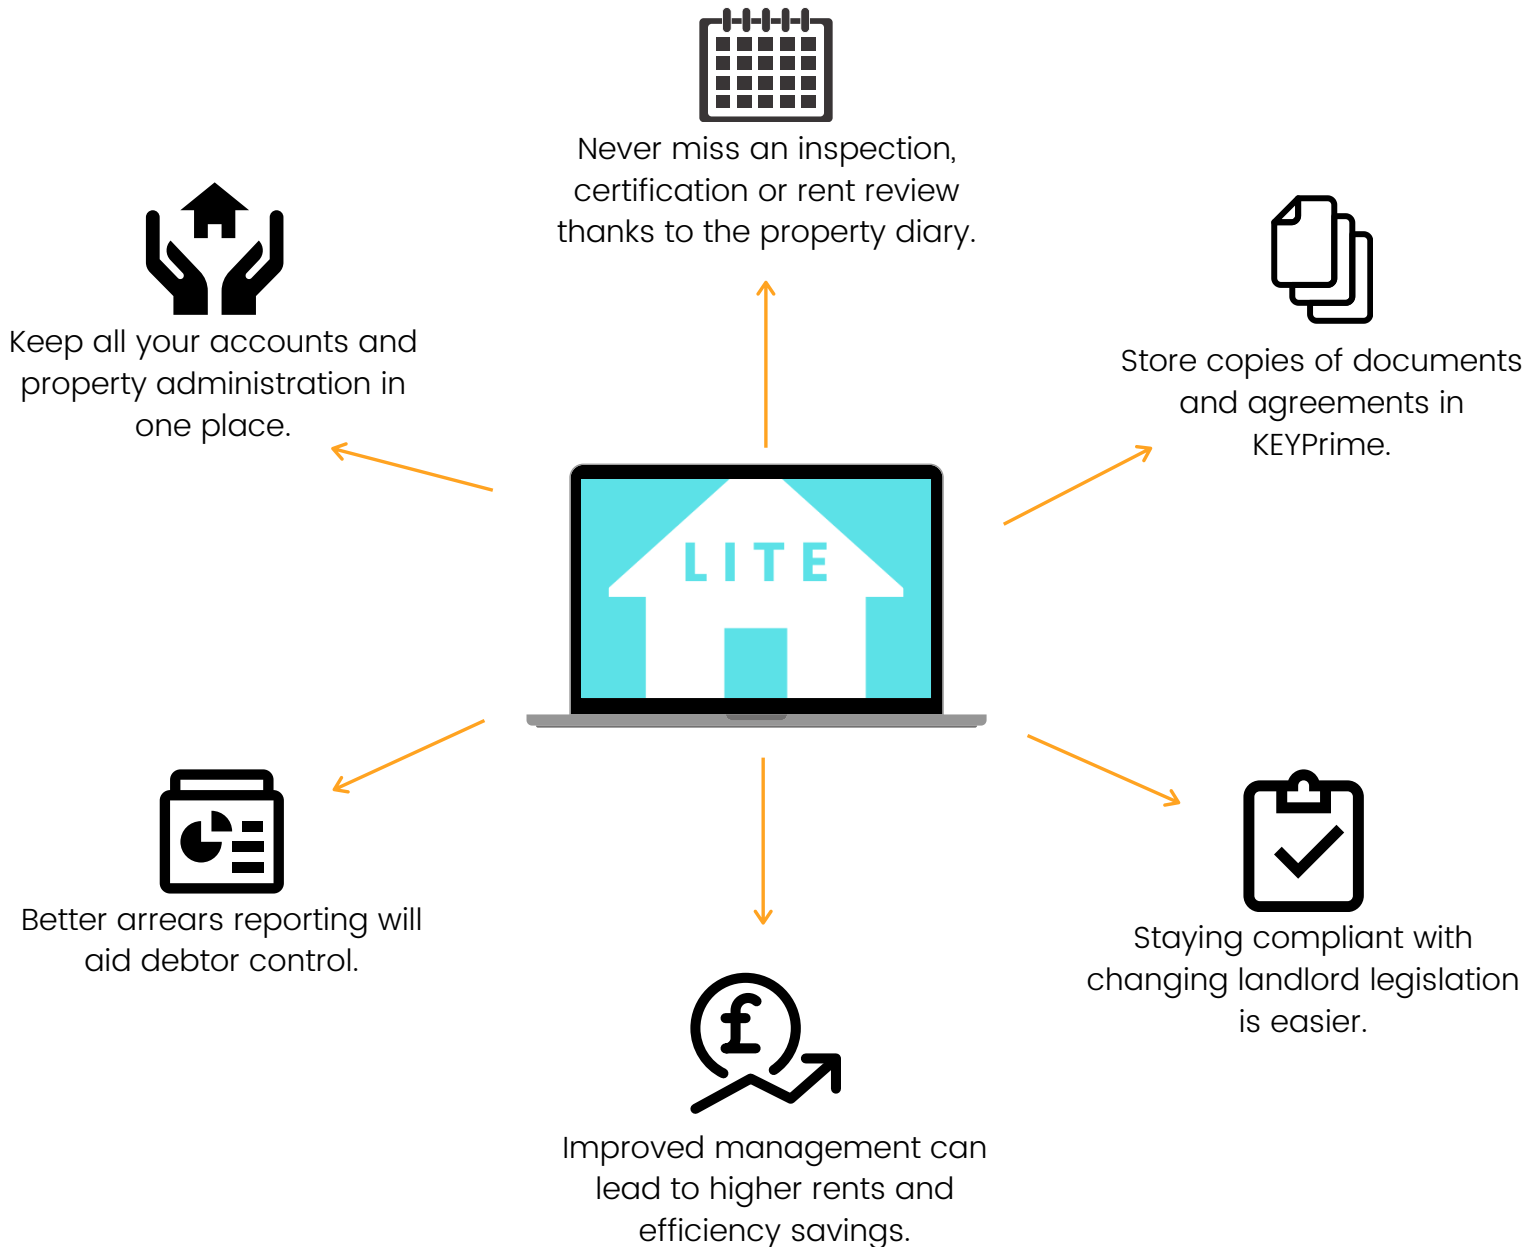

FOR THE KEYPRIME ACCOUNTS RANGE

A module designed to help those with simpler portfolios to stay compliant and maximise returns. It is a simpler version of our specialist KEYPrime Property software, but is operated from within the KEYPrime Accounts range.

## WHY USE PROPERTY LITE?

# PROPERTY LITE

FOR THE KEYPRIME ACCOUNTS RANGE

## EXAMPLES OF ENTERPRISES THAT WILL BENEFIT

Landlords with a few **residential** or **commercial** properties or **holiday lets**. Manage tenancies and leases, maintenance, EPCs and inspections.

Owners of **commercial storage units**. Easily keep on top of multiple units and frequent changes in occupier.

**Livery yard owners**. Keep a record of each stable by occupier and maintain records of additional services, feedstuffs and bedding supplied.

**Caravan sites**. Keep records of plot occupiers and use in conjunction with the KEYPrime Meter Reading module to bill for services used.

## ADVANTAGES OVER YOUR EXISTING SYSTEM

Diary reminders of critical dates

Peace of mind

Get better value from professional fees?

Manage property using the accounts software you are already familiar with

Instant access to your property information on the move with web hosted versions of KEYPrime

No missed rent review opportunities

One-stop digital document storage
